# WELCOME TO THE FIELDTURF CURE ALL-STARS GAME

The Orlando Sports Foundation is proud to welcome the FieldTurf Cure All-Star football players, cheerleaders and student athletic trainer aides from 40 public and private high schools in the central Florida area to the 2022 event. This is a tremendous achievement for these seniors to be recognized as All-Stars.

Every Cure All-Star is highlighted by performing their specialty one last time as a high school student. Many former Cure All-Star football players have received student-athlete scholarships and continued their football careers at universities around the nation as a result of playing in this game.

Cheerleaders, marching band members and student athletic trainer aides rarely receive All-Star recognition with the same importance as All-Star student-athletes. The Orlando Sports Foundation, Advent Health, Orlando Orthopedic, NIDY Construction, Excel Speed, WESH TV, Orlando Orthopedic and U.S. Army are proud to provide this recognition to these future leaders.

Admission, a toy or donation, to the game benefit the Coaches Toy Challenge, which is an annual drive to provide toys for children at Christmas. Kudos to the high school coaches of central Florida,

Respectfully,  
Mark Line  
Cure Classic All-Stars GM

### Special Thanks

*On Field Coordinator:* Jerry Haralson

*On-Field PA Announcer:* Erik Kohler

*Press Box Announcer:* Tyler Prom

*"Coaches Toy Drive Challenge" Manager:*  
Johnny Miller

The game is live streamed by Varsity Sports Network.

All of the Cure All-Star Coaches and Athletic Directors

## BRINGING TEAMS TOGETHER TO FIND A CURE FOR CANCER

The Orlando Sports Foundation, Inc. was founded in May 2008 and is a 501(c)(3) organization dedicated to raising funding and awareness for organizations working to find a cure for cancer.

OSF's signature event is the Tailgreeter Cure Bowl, which is played annually in December at Exploria Stadium. The nation's 40th collegiate football bowl game was launched in 2015 and featured the largest single donation ever made by a bowl game directly to a charitable cause.

To date, the Cure Bowl has been a platform to donate over \$3.88 million to the Breast Cancer Research Foundation (BCRF). These donations have impacted the local Orlando community with Dr. Annette Khaled at the UCF College of Medicine receiving \$1.2 million from BCRF.

We have built partnerships with sports media, fans and advocates, including individuals, corporations, foundations and families that have been directly impacted by cancer. Join Duluth Trading Company, ESPN Events and more as we give cancer its toughest opponent yet.

---

## TRADITION: ADVENT HEALTH CURE ALL-STARS

The Advent Health Cure All-Stars Game had its origin as the Metro Conference All-Star Game. This was started by coaches David Langdon, Phil Ziglar and Jim Buckridge in 1993. According to Coach Langdon, they wanted to give the Orange County community something to be proud of in their schools and to allow the players one last opportunity to showcase their talents.

And it worked. Well over 100 players have received student-athlete scholarships to compete at the college level because of this game. Coach Kevin Barnett of Mars Hill University near Asheville, N.C., attends the All-Stars game each year, because he finds athletes that fit his program. Coach Barnett estimates that over 25 athletes have played at Mars Hill because of this game. This is one of the many success stories from the FieldTurf Cure Classic All-Stars Game.

Some of the players that have used the FieldTurf Cure Classic All-Stars Game as a platform for success at the next level:

- Doug Gabriel - starred at UCF before playing seven NFL seasons.
- Alex Hayes - played for Evens High School before becoming a running back at UCF.
- Jason Jimenez - former UCF and NFL player.
- Scotty Cunningham - current coach at Winter Park High School and played at Tennessee State and with the Tennessee Titans.

The FieldTurf Cure Classic All-Stars Game remained an Orange County Metro Conference event until 2016, when it became a challenge between Orange County and Seminole County. Another change was made in 2021 to be create awareness for cancer survivors by the teams being named Cancer Soldiers and Cancer Warriors.

This brings us to the question. Which athletes this year will be discovered by a college coach or go on to play pro football? The real story is in the players, and those coaches that train them, to compete at their highest level.

David Langdon (left) and Phil Ziglar (right) were a part of the original All-Star Game in 1993.

**Defensive Backs:** David Jackson

**Defensive Line:** Azariah Turner and Stacy Whittington, West Oaks

**Linebackers:** James Washington III

## ALL STAR PLAYER SELECTION

Dan LaForest, Varsity Sports Network (VSN), Lo Wood, Excel Speed Training and Chris Hays, Orlando Sentinel, have been invaluable to the Cure Classic. They coordinated the selection of the All-Stars from their high school coach's nominations and drafted the players into the Team Soldiers and Team Warriors.

**Director:** Michael Clemente, Winter Park

in partnership with  
**Parks & Recreation**

The Cure All-Stars thank the Parks Department of City of Winter Park for their generosity in allowing us to play our game in Showalter Field. This is the tenth year of playing the game here.

## TRIBUTE TO NICK MINER

This past season the high school football community lost one of it's best athletes, who possessed character and leadership attributes. His loss impacted the entire East River community and football players across central Florida. Tonight, the Cure All-Stars honors Nick Miner by presenting Nick's No. 8 game jersey to his parents, Deanna and Derek Miner. The jersey has signatures of each of the all-stars in this game. We do this in memory of a champion, who is missed as an all-star, but whose legacy will be remembered by his teammates and community. The jersey is presented by his coach at East River, Tony Piccalo.

Nick was a 6'0 210 lb 3 year varsity starter at QB. He was a team captain and became the schools all-time leader in all-purpose yardage with 3425 total rushing and passing yards. Was also a starting linebacker his senior season. He was also a three year letterman on the boys weight lifting team and qualified for the state championships last year as a junior. His dad Derek is a varsity football asst coach and his mom Deanna was very involved in the parent volunteer group for the team.

## FORMER CURE ALL-STAR COACH IKE WILSON

The Be Like Ike Foundation, Inc. is a 501(c)(3) founded and inspired by the life and legacy of Isiah "Ike" Wilson. Ike was an advocate in the community. A coach, mentor, educator and inspiration to all those he encountered. His life was dedicated to serving others and pouring into the lives of young men and women in our community to be the next leaders and productive members of society.

To that end, our Foundation is committed to contributing to the best outcomes for our local youth, student-athletes, coaches, and educators.

The Be Like Ike Educator's award is presented to a local educator that exemplifies the values of our Foundation, inspired by the way Ike lived his life. An individual that **Bravely** stands tall even in the face of adversity with bold tenacity, someone who is **Engaged** in making a difference, **Loyal** to humanity, **Integral** to their organizations and community, **Kind-hearted**, **Exceptional** in every way, **Inspiring** to everyone, **Knowledgeable** and **Empowers** others to be the very best version of themselves each and every day! This is what it means to **#BELIKEIKE**!

The 2022 Recipient of the **#BELIKEIKE** Award is Ashton Watts of Horizon High School

Thanks to Waterboy Sports for sharing its hydration equipment with the Cure Classic.

# THE TRUSTED CHOICE IN FLORIDA

## WHY FIELDTURF

### EXPERIENCE

With over 20,000 installations worldwide, FieldTurf has been the surface of choice for the last 20+ years.

### EXPERT INSTALLATION

FieldTurf has some of the most experienced and knowledgeable installations crews in the industry. The success of your fields is heavily dependent on the quality of your installation crew.

### PROVEN SAFETY

The findings of long-term independent research show that FieldTurf's heavyweight systems are safer than, or equal, to competitive systems and numerous published peer-reviewed studies show FieldTurf as safer than natural grass in the most critical areas of player safety.

PROUD PARTNER
